

INVIGORATE YOUR SKIN IN AN INSTANT!

This high efficiency exfoliating polish is created with **Hexatein® 5 Complex**, a proprietary blend of ingredients exclusive to **RapidRenew™** that helps refresh, revitalize and re-energize the skin. Complexion will instantly appear softer, smoother, brighter and more radiant. Continuous use will further enhance the appearance of healthy, youthful glow of the skin and promote even skin tone. The appearance of dull, tired-looking skin, fine lines, wrinkles and enlarged pores will be diminished. Skin will feel clean and refreshed.

Directions: Gently massage a quarter size amount of **RapidRenew™** to a cleansed, wet face, neck and décolleté in small, circular motions. Avoid the eye area. Rinse thoroughly with warm water. Follow with your regular beauty routine.

Upon application, skin experiences a warming sensation that prepares it for exfoliation and improves the efficacy of the formula. When rinsed off, the cooling effect soothes and calms the skin, leaving a refreshed, clean complexion.

Use 2-3 times per week or as desired to instantly brighten, refresh and renew the appearance of the complexion.

RapidRenew™

SKIN PERFECTING POLISH

RapidRenew™ Skin Perfecting Polish is a highly advanced exfoliating polish for face, neck and décolleté that instantly reveals a smoother, brighter, more youthful-looking complexion with visibly improved clarity and new-found radiance, and delivers long-term benefits that keep working even after rinse-off!

RapidRenew™ is recommended for women and men who are looking to enhance the appearance of their skin. It is developed to instantly brighten, refresh and renew the appearance of complexion.

RapidRenew™ is formulated with **Hexatein® 5 Complex**, a unique blend of highly beneficial ingredients, specifically designed to help affect cell turnover and revitalize skin. This blend, exclusive to **RapidRenew™**, combines gentle yet effective mechanical and chemical exfoliating elements that deliver maximum brightening benefits for a radiant complexion.

- 1 Magnesium Oxide Crystals
- 2 Polypeptides
- 3 Lime Pearl
- 4 Bromelain
- 5 Sodium Bicarbonate
- 6 Vitamins (A, C and E)

As skin ages the rate of cell turnover slows down and can result in a dull, tired-looking complexion. **RapidRenew™** combats this by providing dual exfoliating properties—mechanical and chemical—to deliver maximum skin brightening benefits for a flawless, youthful appearance.

In a 14 day consumer study, participants reported the following results:
