

IMPROVE THE APPEARANCE OF YOUR LASHES WITH RAPIDLASH®. IT'S ABOUT TIME!

This innovative high-performance formula promotes healthy, natural lashes! Lashes are nourished to protect from damaging environmental elements. Vital proteins, vitamins and moisturizing ingredients join forces to help enhance delicate lashes, and improve the overall appearance. In as little as 4 weeks*, your lashes will start to appear more beautiful and simply magnificent.

DIRECTIONS: Apply RapidLash® to the base of the upper eyelashes using the applicator brush. The eye should be completely clean of any make-up or eye creams. Start from the inner corner of the eye outwards, directly on the base of your eyelashes. RapidLash® is used once daily in the evening before bedtime.

CAUTION: For external use only. Avoid direct contact with the eye. If irritation occurs, rinse with cool water and discontinue use. Consult with your physician if you are pregnant or nursing, being treated for any eye-related disorder, or actively undergoing cancer treatment. Keep out of reach of children.

Disclaimer: RapidLash® is not intended for direct contact with the eye. If this should occur, rinse thoroughly with cool water.

* Based on Consumer Research Studies

RapidLash® Key Benefits:

- Powerful Polypeptides provide effective protection against breakage and naturally support more fabulous-looking lashes.
- Panthenol combined with rich minerals help replenish lashes with essential proteins and vitamins that provide luster and shine.
- Unique moisturizing agents provide superior hydration to lashes by locking in moisture while improving flexibility and elasticity.

Q. How long will one container of RapidLash® last?

A. Applied once daily and used according to directions to targeted area, RapidLash® should last approximately 2 months.

Q. How long does it take to see an improvement in the appearance of my lashes?

A. Our Consumer Research has shown that you will start seeing improvement in the appearance of your eyelashes in as little as 4 weeks.

Q. Is RapidLash® safe to use on the delicate skin close to the eyes?

A. Yes. RapidLash® has been ophthalmologist-tested and found to be safe and non-irritating. However, as with any cosmetic product, some individuals may be allergic to one or more of the ingredients in the formulation. If you suspect an allergic reaction, discontinue use and consult with your physician immediately.

Q. What if I forget to apply RapidLash® at night?

A. If you forget and skip an application in the evening, apply product the following evening. However, a consistent routine is the key to faster, better results.

Q. Can I apply RapidLash® in the mornings?

A. Yes, RapidLash® can be used in the morning so long as it is applied on clean dry skin, completely free of any eye creams or make up. RapidLash® is to be applied just once in a 24 hour period.

Q. Does using RapidLash® twice a day obtain faster results?

A. No. RapidLash® is designed to help deliver gorgeous-looking lashes with just a once a day application and additional daily applications are neither necessary nor recommended.

Q. Is it normal to experience some tingling on my lash line when I apply RapidLash®?

A. Some consumers have reported experiencing a mild sensation upon application. It should improve within a few minutes and with continuous use you should no longer experience this mild tingling. If the tingling persists or the sensation is associated with redness and/or irritation, discontinue use and consult with your physician.

Q. What happens if I stop using RapidLash®?

A. Once you have achieved the desired appearance of lashes a maintenance application of 2-3 times a week is recommended to continue to enhance your lashes to keep them healthy and conditioned.

Q. Can men use RapidLash®?

A. The product is unisex and the formula is clear and transparent which makes it ideal for men to use as well.

Q. Can I use RapidLash® on my lower lashes?

A. Yes. However, use greater care when applying to lower lash line to avoid direct contact with the eye.

Q. Can I apply make up or other cosmetics when using RapidLash®?

A. Yes, apply RapidLash® first on clean dry skin and let the serum completely dry before applying makeup and other cosmetics.

Q. Can I use RapidLash® on my eyebrows?

A. Yes. RapidLash® is beneficial for improving the appearance of eyebrows as well.

Q. Can I use RapidLash® if I wear contact lenses?

A. Yes. RapidLash® is ophthalmologist-tested and found to be safe and non-irritating, making it ideal for contact lens wearers as well.

Q. Can I use RapidLash® while I have eyelash extensions?

A. Yes. RapidLash® is formulated with a blend of nourishing ingredients that will continue to condition your natural lashes while you have eyelash extensions.

Q. My husband noticed that my lashes seemed darker after using RapidLash® for just a few weeks. Is that possible?

A. The product is clear and transparent in its formulation. Due to the improved healthy appearance, the lashes may look more defined.

Q. Can I use RapidLash® if I am pregnant or breastfeeding?

A. We recommend that you consult with your physician before using if you are pregnant or breastfeeding.

Q. Where do I find the expiration date for RapidLash®?

A. Every RapidLash® is stamped with a manufacture date MFG month and year on the bottom of every tube. An unopened RapidLash® has an expiration date three years from the MFG date. For example, if the bottom of the tube is stamped 01/14, then the product expiration date is 01/17.

If the RapidLash® tube is opened, the product should be used within 12 months. This is indicated by a universal symbol of an open cosmetic jar with 12M (12 months) located on the back right hand corner of the RapidLash® unit carton.
