

## Bright Eyes: Tricks to help your eyes look refreshed and youthful

February 9, 2016

Winter weather can leave us feeling sluggish and sometimes our eyes reveal secrets we don't wish to share, like excess wine from the previous evening, sleepless nights due to children, or corporate burnout.

Pamela Pekerman, lifestyle expert, busy mom to two and editor of [www.PiecesofPam.com](http://www.PiecesofPam.com), is back to share her insider tips and tricks to help eyes look refreshed and youthful. She shows that it's not just about loading on the concealer, packing on the highlighter or rimming the inner corner of your eyes with white liner when it comes to reviving tired looking eyes.
