Q. How is RapidBrow[®] applied?

A. Using the mini brush, apply RapidBrow[®] with a few quick strokes onto clean brow hair.

Q. How frequently is RapidBrow[®] applied?

A. RapidBrow[®] is applied twice a day, once in the morning and once in the evening before bedtime.

Q. Will applying RapidBrow[®] more frequently deliver faster results?

A. No. RapidBrow[®] is designed to deliver healthier-looking, more beautiful brows with twice a day application and additional applications are neither necessary nor recommended.

Q. I noticed that my brows seemed darker after using RapidBrow[®]? Is that possible?

A. The product is clear and transparent in its formulation. Due to the improved condition of the brows, they may appear fuller-looking and thicker-looking and therefore more defined.

Q. Is RapidBrow[®] safe to use so close to the eyes?

A. Yes. RapidBrow[®] has been ophthalmologist-tested and found to be safe and non-irritating. However, as with any cosmetic product, some individuals may be allergic to one or more of the ingredients in the formulation. If you suspect an allergic reaction, discontinue use and seek medical advice immediately.

DIRECTIONS FOR USE:

Apply RapidBrow[®] Eyebrow Enhancing Serum

with the easy-to-use mini brush with a few quick strokes twice a day, once in the morning and once in the evening.

Q. Can I use RapidBrow[®] on my eyelashes?

A. No. RapidBrow[®] is specifically designed to help improve the appearance of eyebrows. To improve the appearance of your eyelashes, we recommend our RapidLash[®] Eyelash Enhancing Serum that is specifically designed to improve the appearance of short, thin and brittle eyelashes.

Q. Can I use RapidBrow[®] if I have my eyebrows tinted?

A. Yes. RapidBrow[®] is suitable to use even if you have your eyebrows tinted and does not affect the colour.

Q. Can I use RapidBrow[®] if I have my eyebrows tattooed?

A. Yes. RapidBrow[®] is a wonderful blend of nourishing ingredients that is suitable to use even if you have your eyebrows tattooed.

Q. Would RapidBrow[®] help if I have over-tweezed my eyebrows and as a result, have very weak brows?

A. RapidBrow[®] is specifically designed to help improve the appearance of weak brows resulting from over-tweezing, over-waxing, other mechanical aggressors over time and simply aging. RapidBrow[®] helps enhance the appearance of youthful volume, softness, shine and sheen by nourishing and conditioning sparse, brittle brows.
