

INVIGORATE YOUR EYE AREA!

RapidEye™ hydrates, nourishes, invigorates and enhances the appearance of the delicate skin around the eyes. Visibly firmer, brighter, more youthful appearance of the eye area in just 60 days!

Directions: Using your ring finger, gently pat a small amount of **RapidEye™ Firming Wrinkle Smoother** on clean skin around the eye area.

Use daily, in the morning and evening. Allow product to absorb and dry before applying other cosmetic products.

Applying **RapidEye™** from the inner to the outer corners of the eye area, and up and around towards the brow bone, helps promote a refreshed and re-energized appearance of the eye area.

Caution: For external use only. Avoid direct contact with the eye. If irritation occurs, rinse with cool water and discontinue use. If irritation persists seek medical advice.

FREQUENTLY ASKED QUESTIONS

Q. How is RapidEye™ applied?

A. Using your ring finger, gently pat a small amount of RapidEye™ Firming Wrinkle Smoother on clean skin around the eye area. Use daily, in the morning and evening. Allow product to absorb and dry before applying other cosmetic products. Applying eye cream from the inner to the outer corners of the eye area, and up and around towards the brow bone, helps promote refreshed and re-energized appearance of the eye area.

Q. How frequently is RapidEye™ applied?

A. RapidEye™ should be used daily; once in the morning and once in the evening, to hydrate, refresh and brighten the appearance of the eye area.

Q. How long does it take to see an improvement in the appearance of my eye area?

A. Consumer studies have indicated visible improvement in the appearance of the eye area after 30 days of use of RapidEye™, and further increased benefits after 60 days of use. For best results, it is recommended to make RapidEye™ part of your regular beauty routine.

Q. What if I forget to apply RapidEye™ in the morning or in the evening?

A. If you forget and skip an application of RapidEye™, apply product as usual the next day. A consistent skin care routine is the key to maintaining balanced, beautiful-looking skin and a youthful, refreshed appearance of the eye area.

Q. How long will one tube of RapidEye™ last?

A. If applied twice daily, one 15 ml tube of RapidEye™ is estimated to last approximately 2 months. The yield of the product can vary depending on the frequency and amount of each individual's product use.

Q. When should I stop using RapidEye™?

A. Once you've achieved the desired results with RapidEye™, it is recommended to continue using it to maintain the improved appearance of the eye area.

Q. What should I do if I accidentally get RapidEye™ in my eyes?

A. RapidEye™ is intended for external use only and direct contact with the eye should be avoided. In the event of direct contact with the eye, rinse the eye with plenty of cool water. If irritation from direct contact occurs and persists, seek medical advice immediately.

Q. Can I use RapidEye™ if I have sensitive skin?

A. RapidEye™ is a gentle yet effective eye cream that is suitable for all skin types. The formula is dermatologist tested for safety. However, should you suspect an allergic reaction to one or more of the components in the formula, discontinue use and seek medical advice.

Q. Can I use RapidEye™ if I have a skin condition such as acne/rosacea/psoriasis/eczema, etc.?

A. If you have been diagnosed with a medical skin condition and/or are undergoing any medical treatment, consult with your physician prior to the use of RapidEye™.

Q. Can I use other beauty products with RapidEye™?

A. Yes. RapidEye™ is a wonderful addition to any skin care regimen to help enhance the appearance of the eye area. It is recommended to follow with your regular beauty routine after using RapidEye™.

Q. Can I use RapidEye™ if I am pregnant or breast-feeding?

A. We recommend that you discuss use of RapidEye™ with your doctor if you are pregnant or breast-feeding.

Q. Can men use RapidEye™?

A. RapidEye™ is a unisex formula, and therefore ideal for men as well to experience its moisturizing, smoothing and invigorating benefits.

Q. Can RapidEye™ be used on children under the age of 18?

A. We do not recommend using RapidEye™ on children under the age of 18 as we have not conducted testing for this age group.
