

42 Clever At-Home Grooming Products Reviewers Are Obsessed With

By Cliché Wynter

April 3, 2020

Vibe check: How are you doing? I've been sure to remind myself that all health (including mental health) is wealth. As such, I do everything in my power to remain emotionally robust while working from home. Self-care, I've found, is one of my strongest and most reliable assets, which is why I've been searching for [at-home grooming products](#) that can help me take better care of myself.

16. This Serum That Boosts Eyebrow And Eyelash Growth

[Rapid Lash Eyelash Enhancing Serum](#)

[\\$50](#)

If you're looking for more luscious lashes and brows, this [eyelash serum](#) will be right up your alley. It's packed with powerhouse ingredients like biotin, amino acids, and pumpkin seed extract, which work to strengthen, hydrate, and condition, so that your lashes grow longer and your brows grow fuller. This reviewer wrote, "It's been 8 weeks and holy cow--with mascara, I look like I've got my extensions on again! I can't believe how full and long my naturals are now. No more money and time spent in the lash salon for me."
